

**Directions:** Read each word out loud. Then, count how many letters are in each word. Say each letter out loud as you count and write the total number of letters in that word in the adjacent column. Next, close your eyes and point to a number. Find another feeling that has the same number of letters.

<b>FEELINGS</b>	<b>NUMBER OF LETTERS</b>
<b>Bored</b>	<b>5</b>
Calm	
Excited	
Happy	
Grouchy
